This townhome feels like living right in the heart of the neighborhood! It's got that classic charm, but with all the modern stuff we need too. Picture walking up to a cute white picket fence with a little garden – perfect for planting some flowers this spring. Inside, it's well-maintained and functional. Downstairs, there are two bedrooms and a full bath, great for roommates or kids who want their own space. Upstairs is the main event – your own bedroom with a private bathroom! The kitchen has an island and flows right into the living room; perfect for hanging out with friends and family. A fireplace keeps things cozy in the winter, and the high ceilings make everything feel nice and open. Plus, there's a powder room upstairs. Need some fresh air? Step out onto the balcony off the living room for a quick break. The top floor has this awesome open loft space. It'd be perfect for an additional bedroom, home office, a game room for movie nights, or anything else you can dream up. There are wood floors throughout, which adds a touch of class and makes everything feel warm and inviting. The best part? Everything you need is nearby! Groceries, pharmacies, your morning Starbucks fix, and even Hop Saint, that awesome local brewery, are all within a block. Plus, parking is a breeze in the private, two-car, attached garage with plenty of storage. This townhome is all about comfort, style, and living close to it all. Don't miss your chance to be part of the neighborhood – this place could be your new home! Plus the

garden out front is just waiting for you to plant your favorite flowers, veggies, and herbs.
