This is a one of a kind custom built Mediterranean home designed by Robert Tong and flawlessly constructed by Mur-Sol Construction under the watchful eye of the very particular owner. Located on a huge hard to find 49,287. sqft lot in the most desirable section of the Santa Anita Oaks. No expense was spared by the owner whose demand for perfection was second to none to include many details that are internal and cannot be seen. Features include solid mahogany doors, quarter sawn oak floors, 11 foot ceilings upstairs and down, a Great room open to the kitchen with a 23 foot ceiling, preparation kitchen, and an amazing library. This is a car collectors dream. There is an oversize 3 car garage plus a 6 car 1,241 sqft garage that will accommodate boats or RVs which was originally designed to be an attached guest house with a living room, kitchen area, 2 bedrooms and a 3/4 bath which already exists along with an HVAC system. Once completed the home will have 7,950 sq.ft. There are two outdoor living areas, one with a wood burning fireplace, wet bar, plus stone flooring. It truly shows like a brand new home, some of the rooms have never been lived in. The huge park like ultra private backyard is breathtaking.
