Peacock Hills, Oceanside, CA

Welcome to this charming two-bedroom one bath home in the highly desirable Peacock Hills 55+ community! This house has beautiful maple engineered wood floors in the living room and bedrooms. The tile flooring in kitchen, dining room and bathroom were done with an artistic flair. The bathroom floor is heated with a thermostat. The kitchen has granite counters with beautiful under cabinet lighting and new soft-close cabinet doors. A currently popular "California room" is entered from the living room and captures wonderful breezes. This room has travertine floors which are heated. Most of the landscaping is drought resistant helping to conserve water. A new Lennox furnace has been installed. A brand-new shingle roof was just installed and also recently installed was a metal roll-up garage door with automatic operator with battery backup. The back garden has many inviting areas for relaxation and the rear walkways are covered in cool travertine. The bonus room adjacent to the kitchen is being used as a dining room but could be easily used as a home-office or den and it looks on to the rear garden. And Peacock Hills is wonderfully close to shopping, restaurants and freeways. This home has it all!
