We proudly present one of the finest homes ever built in Manhattan Beach. A masterpiece designed by KAA Design and built by Matt Morris Development. This magnificent property stands proudly on the Manhattan Beach Strand overlooking one of the most prestigious beaches in the world with panoramic views from Palos Verdes to Malibu. You are met at the entrance with a Mahogany-clad circular staircase connecting the middle-level entry with the top floor living space. Four levels of soaring 10-foot ceilings and floor-to-ceiling windows and doors flood the house with natural light. The top floor outdoor living and dining area enjoys spectacular views and privacy from the beach below. Bronze folding louvered panels can be opened or closed to control light or protect the space from the elements. On the west side of the property, the beach room features an impressive bar with bronze shelving, a lounge area, and a pool table. On the east side of this level, you will find a fully equipped gym and spa oasis not often found in a private residence. Below this level is the home theatre along with another living area, a wine cellar, and a tasting room. A stunning beachfront facade is arranged around four two-story Mahogany "masts" maintaining the ocean views but allowing for interior privacy for the midlevel master suite and boardwalk level beach room. This exquisite home exudes luxury, discerning taste, and offers unmatched premium Strand living with privacy unlike any other.
