Leave your flip flops at the door, your new home is too tranquil to bring the sand in from the beach below. The location of a west-facing, end unit with upgrades to the floorplan and finishes youve dreamed of having in your completely remodeled home are finally here. Walk into the open-concept kitchen-dining-living room where everyone is together and in flow. The cook of the house wont mind the 5-burner range or the expansive countertop and cabinetry storage space with great utility for preparing meals. Light flows in from all angles with surprising privacy through the three sets of new sliding doors, windows abound, three fireplaces and with the upgraded recessed lighting. The dining banquette is brilliant, seating up to 8 (or more!) but consuming minimal space with the built-in three-sided bench. Who doesnt love sitting on a fabulously upholstered bench and the intimacy it brings to every meal! Sunsets and coffee will become a ritual to be enjoyed, lingering on either of the two ocean view balconies with the best possible light coastal SoCal nature offers; south and west facing. The primary suite also has a peek-a-boo ocean view with ample room for a king bed, a fireplace, dual vanity remodeled bathroom with wrap-around closets, enclosed water closet and shower. The second bed and bath are spacious and attractively remodeled with ample privacy between the two bedrooms. Closet organizers, laundry in-unit and the wet bar in the living room are examples of the

upgrades that go on and on. All remodels are not created equal and combined with this extraordinary oceanside, Espla
