N/A, Redondo Beach, CA

Charming Mediterranean condo that is nearly 2500sqft located close to the beach, parks, and award-winning Redondo Beach schools. This home features an enormous kitchen which opens to the dining area and living room, so meal preparation does not have to be separate from family time. The kitchen has custom cabinets, new stainless-steel sink, breakfast bar and granite counters. There is a second bonus area on the same floor for a formal dining room or a separate entertaining area. The master suite is very large and includes a fireplace and a private balcony. In addition to a separate shower, the master bath also has jacuzzi-style tub to luxuriate in after a long day. All 3 bedrooms are on the same level, although the downstairs den/office can easily be converted into a 4th bedroom. At garage level is another small area perfect for a fitness room or child's play area. The home also features a separate laundry room with newer tankless water heater. With so many spaces and areas to tinker within the home, the possibilities are endless when it comes to making it your own.
